Section Officers & Executive Committee

Introduction

The Chicago Section of the Institute of Food Technologists (CSIFT) was the first Section of IFT, is the largest, and most active Section of the Institute of Food Technologists (IFT). The Section boundaries encompass the northern part of the State of Illinois and include the Illinois postal zip codes 600-619, 623, 625-627, 463, and 464. However, the Chicago Section IFT accepts local membership from any interested person from any other location who pays a full Member's annual dues.

The Section was officially formed on January 15, 1941, 2 years after the Institute of Food Technologists was founded. The International IFT organization is headquartered in Chicago, Illinois.

The Section is widely known for its active and dedicated leadership. The Chicago Section often hosts the IFT Annual Meeting and Food Expo when it is in Chicago.

The Section also initiated the annual Tanner Lecture Series and Suppliers' Night Expo. The Section awards several scholarships annually.

We are proud of our accomplishments and are eagerly looking forward to the future of our Section and our role in its success.

In an effort to record and document the activities of the Section, this handbook has been prepared to outline Section leader responsibilities and Section activities.

This document will be updated from time to time, and the new issuance date will be recorded on the cover. It will be produced in an adobe .pdf format, published on the Section website, and maintained in digital format by the Section's Business Office.

Membership Responsibilities

The Section includes a Membership Committee to conduct ongoing activities to retain current members and to recruit new members.

However, the responsibility for attracting new members and retaining current members is a responsibility for all Section Officers, Section Members, and Committee Chairs.

We all should be actively involved with representing the positive features of being a member of the Chicago Section IFT and promoting the benefits of membership to this organization to others and to encourage their participation in Chicago Section IFT.

The annual goals identified by our Membership Committee include five main areas of activity:

1. Recruiting new members.
2. Retaining current members.
3. Improving accuracy of our Mailing Lists (and use these for mailings).
4. Recruiting Student Members to IFT.
5. Keeping track of current membership.

Membership in CSIFT is limited to individuals in good standing of the IFT who are in compliance with the IFT's rules and regulations and who have paid membership dues to the CSIFT. Revocation or suspension of membership by the IFT shall automatically constitute revocation or suspension of membership in the SECTION.

There are three (3) membership categories: Member, Professional Member, and Student Member. There is also one (1) honorary membership status.

- a) **Member** Any person who is active in the food industry and who evidences interest in supporting the objectives of the IFT shall be eligible to become a Member.
- b) **Professional Member** Any person who meets the following minimum requirements by education, training, or experience in food science and technology, and provides the necessary information shall be eligible to become a Professional Member.
 - A Bachelors, higher degree, or equivalent, in disciplines associated with food science and technology from a recognized teaching institution, and five (5) years of professional experience in food science and technology, for which
 - A Master's degree or equivalent may be presented in lieu of one (1) year's experience or
 - A Doctoral degree in lieu of three (3) years' experience
 - A non-food science related bachelors or higher degree, or equivalent, from a recognized teaching institution and ten (10) years of documented contributions to the profession and, if applicable, the IFT.

Membership Responsibilities

The IFT Board of Directors may waive these minimum requirements for persons who have distinguished themselves by their achievements or through long experience in the field of food science and technology.

- c) **Student Member** Any graduate student or person matriculated in an educational institution as a full-time student pursuing a degree (Associate or higher) in the field of food science and technology or in one or more of the sciences or branches of engineering concerned with advancing food science and technology shall be eligible for membership as a Student Member. All Student Members shall be members of the IFT Student Association.
- d) **Emeritus Status** Any Professional Member or Member who has retired from professional life in a remunerative capacity and has been a member of the IFT for at least twenty (20) years shall be eligible for Emeritus status. Individuals with Emeritus status shall retain all rights and privileges previously held and their annual dues shall be determined by the Board of Directors.

Members and Professional Members are eligible to vote in the annual elections.

Role of Committees / Sub-Committees

A Committee can be one of the most productive tools with which the Section has to work. Committee members are faced with the challenge of getting involved in the work the Committee was formed to accomplish. Each member's contribution and participation on the Committee will determine the success or failure of the Committee.

Functions of a Committee

The primary function of a Committee is to contribute to the efficient operation of the Section. In most cases, Committees are concerned with communicating information and assisting Section leaders in the decision making process.

The findings of a Committee have a direct impact on the decisions made by officers and the Executive Committee of the Section. Committee work can directly influence the direction of the Section. In the cases of subcommittees, the Committee Chair shall be responsible for monitoring and reporting on the activities of the subcommittee.

Committee Chairs

Even with capable members, a Committee without strong leadership is at a disadvantage. Responsibilities of Committee Chairs are defined in relation to each specific Committee. The Chair's role will normally change as the work of the Committee changes.

However, there are general responsibilities that are common for all Committee Chairs, which include:

- ⊕ Developing the Committee organization and structure.
- ⊕ Scheduling meetings.
- ⊕ Preparing and/or approving agendas.
- ⊕ Presiding at meetings.
- ⊕ Making Committee and individual assignments.
- ⊕ Reviewing and approving meeting minutes.
- ⊕ Overseeing the activities of the Committee.
- ⊕ Preparing the Committee's budget.
- ⊕ Preparing financial reports at the conclusion of each event.
- ⊕ Identifying insurance needs for each event.
- ⊕ Providing information for use on the Section website before and after an event.
- ⊕ Providing information for use in the Section Newsletter before and after an event.
- ⊕ Bring in new members to Committee to get more individuals involved.
- ⊕ Coordinate with the Business Office to support the needs of the Committee.

The success achieved as a Committee Chair will depend largely upon that person's ability to preside over meetings and guide the Committee toward its defined goal. When the Section's Chair is selecting Committee Chairs, he/she should clearly discuss expectations for the Committee, the time commitment necessary to achieve success and execute the specific duties required during the year.

Role of Committees / Sub-Committees

To assist with achieving success the Committee Chair should:

- ⊕ Establish goals and schedules and monitor these throughout the year
- ⊕ Always begin meetings on time.
- ⊕ Conduct meetings from an agenda.
- ⊕ Briefly and clearly state the reason for the meeting at the beginning.
- ⊕ Review the Committee's objectives relative to the Section's objectives.
- ⊕ Assure that adequate minutes are maintained and distributed.
- ⊕ Report the activities of the Committee to the Executive Committee.
- ⊕ Attend Executive Committee meetings.
- ⊕ Invite a representative of the Business Office to attend meetings as needed.

The composition of each Committee is specific to the needs of the Committee. It is likely that the incoming Section Chair will work with the selected Committee Chair to appoint Section Committees..

When selecting members, it is important to find individuals that are willing to serve and clearly understand what is expected of them. Filling Committees with individuals who do not clearly understand their role or the expectations of their role and commitment they are making will only result in a lack of success of the Committee.

To provide for continuity and for the development of future leaders, it is important that Committees are made up of a balance of successful, experienced members with members that are new to the Section. New members provide a fresh outside perspective, while experienced members provide guidance and history.

It is always to the Committee's benefit to appoint members who are knowledgeable and interested in the Committee's area of activity. The Chair should provide the Committee with background and leadership to help the Committee function successfully.

While it is not necessary to have all member appointments made at this time, it is desirable to have Committee Chairs appointed in time to start functioning on September 1st.

The incoming Committee Chairs should develop a Work Plan for the activities of their committee. Work Plans should be based on achieving the goals of the Section. The final duty of each Committee Chair is to submit a written report summarizing the activities of the Committee for the year. Forms for each of these duties follow this page.

Audit Committee Procedures

The purpose of the Audit Committee is to review the financial records of the Section at least annually.

CSIFT policy states that an outside audit is conducted every other year. The Audit Committee assists the Business Office with the preparation for the outside audit. This includes assisting with ensuring that the financial records are up to date, the investment income is recorded, and deferred revenue is marked as deferred.

The outside audit is usually scheduled for early December. All preparation for the audit should be completed no later than November 15 of that year. The Audit Committee reviews all documents submitted by the Business Office for the audit and reads all reports issued from the auditing company to confirm the accuracy of all statements made by the auditing company.

In the years where there is no outside audit, the Audit Committee is responsible for an internal audit of the Section's financial records. The internal audit should be conducted in December. Scheduling is made with the Business Office to be completed no later than December 20 of that year.

As a result of the internal audit, the Audit Committee prepares a written report, conforming to General Accounting Practices attesting to the financial condition of the Section. This report should be submitted in January to the Executive Committee.

The Audit Committee is included in all emails between the Business Office and the Treasurer and the Finance Committee for reporting of the monthly financial statements and budget reports. If the Audit Committee identifies any concerns, they should be addressed as quickly as possible.

The Audit Committee should also review the financial records during August of each year as part of closing the books for taxes and when there is a transfer of the Section books to a new Treasurer. In addition, the Audit Committee should review and certify the annual Section financial report as prepared by the Section Treasurer and make a verbal report to the Executive Committee at the September monthly meeting.

The chair of the Audit Committee is appointed by the incoming Section Chair and at least one additional member recruited.

The Audit Committee Chair and member shall be active members of Chicago Section IFT. The Section Treasurer and any other Officer or Members having check signing authority should not serve on this Committee.

The Committee shall meet, at a minimum, during August to review the end of fiscal year financial records and in December to conduct the annual audit or prepare for the semi-annual outside audit.

Awards & Nominating Committee (standing)

Awards & Nominating Committee Procedures

Awards Committee: The purpose of the Awards Committee is to oversee and administer The Ellery H. Harvey Service Award (annually) and the Chair's Achievement Award (every other year).

In December of each year, the Awards Committee will start solicitation of the award nominations by submitting a nominations request in the Newsletter with a deadline of March 31st. The Business Office will create an online nomination form that is advertised in both the newsletter and on the website.

The Awards Committee (comprised of past chairs of the Chicago Section IFT) will select Section recipients for awards from those nominated and using the criteria for each award. The Chair of the Awards Committee will notify the Business Office of who is chosen prior to April 30 so that recognition plaques and checks or other awards can be awarded during the Annual Awards Ceremony at the May Tanner Lecture. The Chair will notify the award winners before April 30 and will write an article for the May Newsletter announcing the award winners. The Business Office will include this information on the website as well.

The Chair of the Awards Committee will invite the winner (s) to the Tanner Dinner along with a guest. The Chair will contact the Business Office with the names of the winner and guests so they will make reservations for them and charge to the Awards Committee budget. The Chair of the committee will present the Section recipients with mementos and /or financial awards.

The Chair of the Awards Committee should update and maintain the list of award recipients and provide a copy annually to the Business Office for record keeping.

Nominating Committee: The purpose of the Nominating Committee is to develop a slate of Section officers for the Executive Committee's approval and the membership's vote. The Chair of these committees is automatically the Past Chair of the Section or someone chosen by the current Chair if the Past Chair is not available.

In October of each year, the Nominating Committee write an article for the newsletter soliciting people who are interested in running for Chair-Elect, Secretary, Treasurer (if the three year terms is up for the current treasurer) and members of the Executive committee/Board of Directors. The chair will also reach out to current Secretary, and Treasurer to see if they want to run again and any Executive Committee/Board of Director whose term is ending in Aug of the following year.

In January, the Chair of the Nominating Committee will submit the slate of Officers and Executive Committee member candidates to the Executive Committee for approval. Once the slate of candidates is approved, short bios of each candidate are collected and submitted to the Business Office for inclusion in the January newsletter. The slate is also submitted to IFT for inclusion in the annual elections. The deadline to submit us usually Jan 31st and the elections are open in February and close in March

Once IFT announces the winners to the Chair of the Nominating Committee, the winners are notified and the Chair provides this list to the Business Office for the website and to the Newsletter to be included in the April Newsletter.

Finance Committee Procedures

The purpose of the Finance Committee is to serve as advisors to the Executive Committee and the Section on all Section financial matters, to assist the Treasurer and Section Chair in preparation of the Annual Budget, and to recommend to the Executive Committee when and how to invest all non-operating funds.

Duties:

- ✚ Serve as advisor to the Treasurer and Business Office staff on maintenance and monthly reporting of all financial status reports.
- ✚ Work with Treasurer and Section Chair to develop an Annual Budget during June/July of each year.
- ✚ Work with Treasurer to assure proper distribution and investment of income and disbursement of funds dedicated to Tanner Lecturer Fund and to Scholarship Fund.
- ✚ Convene Finance Committee to decide recommended investments for surplus non-operating funds and provide recommendations to the Executive Committee for vote before investment.

The Committee Chair is appointed by the Section Chair. The Committee Chair shall appoint/recruit additional members as needed from the Section general membership.

Meetings shall be held as needed to conduct above duties.

Financial Policy

Detailed procedures for the Finance Committee can be found in a document entitled, "CSIFT Fiscal Policies and Procedures" dated January 2014.

Section Budgeting

1. As the budget is developed during the summer of each year, there should be a goal of "reducing costs for the Section" as a minimum for most Section events. The primary budget dollars are gained from Suppliers' Night and Annual Section Dues provide a net income. Each event should be reviewed during the Budget Review process to determine if appropriate fees are being charged.
2. The budget shall be developed in accordance with the following schedule:
 - Initial request for budget information in June.
 - Submission of requests to Finance Chair / Treasurer by August.
 - Finance Chair submits draft budget to Executive Committee in September for approval.

Committee Accountability

Chairs of each Committee shall have budgeting responsibility and accountability for each event.

Each chair should be responsible for:

- ⊕ Developing the event budget for the following year with adequate detail.
- ⊕ Calculating the net profit or loss for the event.
- ⊕ Informing the incoming Chair of the budget and expectations for the event.
- ⊕ Presenting significant changes (like adjustment of fees) to the Executive Committee.
- ⊕ Providing a financial summary of any event activity

Golf Outing Committee Procedures

The purpose of the Golf Outing Committee is to plan and execute the annual golf outing. The golf outing proceeds are used to fund CSIFT scholarships. Traditionally the golf outing is held in August of each year. The Golf Outing Committee chooses the date of the outing the year before the event. The Business Office works with the venue to sign the contract and pay all deposits.

In March the marketing for the outing begins and registration opens (or 6 months prior to the outing). The Committee assists the Business Office in the development of all marketing materials, setting of fees, and sponsorship opportunities. In addition, a budget should be set for expenses, prizes, as well as a goal for donations. Since the funds from the outing are used for scholarships, it is important to both run a great outing and to ensure that funds are raised.

The Business Office will manage the website and all marketing from March until the day of the outing. They will also keep track of registrations and foursome information keeping the Committee informed.

Solicitation of sponsors should begin in earnest in May with the Committee seeking support from companies in the area. All sponsors should be in place no later than 30 days prior to the outing. The Business Office will manage the logos for the sponsors to ensure they are available for the signs and banners. The signs and banners need to be ordered 2 weeks prior to the outing. The ordering can be done by the Committee or the Business Office.

All donations need to be secured and confirmed one week prior to the outing and if necessary mailed to the Business Office. If they can be brought to the outing by the donors, there will be table available the day of the event.

Volunteers are essential to the management of the day of the outing. The Business Office and the Committee share the responsibility for securing volunteers. A final listing of the volunteers must be provided to the Business Office one week before the event.

The Business Office will ensure that the day of outing registration materials and programs are created and registration personnel available. In order to be ready for the outing the final foursomes created by the Committee need to be completed a minimum of 2 days before the outing. The Business Office will provide an updated listing of all registrants to the Committee.

There will be cash needed to run and manage the raffle prizes and the different golf contests. The Business Office will secure the cash and manage all cash collected during the outing and provide this information to the Committee. In addition, the day of the event, the Business Office will transfer the raffle prize donations from the registration site to the ballroom/tent, install the sponsorship banners and signs, and install and set up the name badge table.

After the outing, the Business Office will provide financials to the Committee so that a report can be generated for the September EXCOM meeting. Once the final financials are processed, the net income will be given to the Treasurer for transfer to the Scholarship funds. The Scholarship Committee will determine how the funds are used.

Historian Committee Procedures

The purpose of the Historian Committee is to compile and maintain significant documents, artifacts, photographs and people information related to the Section. As part of that effort the Historian identifies and assembles an organized body of material reflecting the essence of the Section and its activity record.

The Section owns a camera that is available for the Historian to use at CSIFT events to take pictures. It is also encouraged to have pictures taken at all major CSIFT events.

Within 3 days after each dinner meeting, upload the pictures to the CSIFT FTP site. These pictures will be used by the Newsletter Committee in the upcoming newsletter as well as on the website. The pictures are also available to the Social Media Committee to use to post on CSIFT social media to promote events.

A PowerPoint slide show is created by the Historian for viewing at the annual May Tanner Lecture to provide a review of the year. The slide show should be uploaded to the FTP site a minimum of 3 days before the Tanner Lecture so that the Business Office can load it on the CSIFT laptop.

In the past, the Historian collected documents that were stored in the CSIFT Archives. CSIFT has a storage unit where financial and other historical records are stored. More recently, historical documents are saved electronically by the Business Office and stored in the FTP site. These documents are backed up both on the servers and on the FTP site as part of the CSIFT records management system.

To commemorate special CSIFT times such as an anniversary, the Historian Committee is asked to review historical documents, collect them, and create a “display” or presentation that can be shared with CSIFT membership.

The Historian Committee Chair is appointed by the Section Chair. The Historian is usually designated as one or two of the most senior members of the Section possessing a demonstrated knowledge of the Section “institutional memory.” The Historian will occasionally seek out other members to assist in the development and/or execution of history-related projects or programs.

Meetings are held as needed. Attend all meetings and activities of the Section to document them from photos and printed materials, or arrange for documentation by a substitute member.

Hospitality Committee Procedures

The purpose of the Hospitality Committee is to serve as a welcoming service to new Section members and guests at any Section meeting or event and to organize the annual Student Night.

Monthly Dinner Meetings

At each CSIFT monthly dinner meeting two volunteers are needed. One volunteer provides assistance at the registration table handing out badges and managing walk-in registrations.

The Business Office provides assistance at the registration table by bringing the registration list, the badges, and all walk-in registration payment processing materials.

At least one other volunteer is needed to provide a welcome to all first-time attendees. Each first-time attendee has a badge ribbon for easy identification. It is important to make them welcome so this volunteer ensures that during the social hour he/she introduces each “first-timer” to someone to eat with.

Table Tents: At each dinner meeting, a table tent is provided by the Hospitality Committee that gives information on the speaker. The Business Office supplies the stands and can print the speaker information provided by the Committee. The Hospitality Committee volunteer sends it to the Business Office to print the no later than the Thursday before the meeting or brings 15 copies to the meeting. The stands should be placed on the tables prior to 6 PM and collected after dinner and returned to the registration table.

Raffle Prizes: The Hospitality Committee purchase or solicits raffle prizes for each dinner meeting.

Suppliers’ Night

At the annual November Suppliers’ Night, members of the Hospitality Committee are needed to volunteer alongside the Membership Committee at the CSIFT table in the registration/social hour area to tell attendees about the Section and to answer any questions.

The Business Office and SN Committee create a volunteer schedule to ensure that there are 2 volunteers from noon to 6 PM.

Student Night

Student Night is significant effort and one that must be coordinated closely with the Business Office. The Student Night activities are coordinated and organized by the Committee and do not involve the Business Office except to ensure that adequate rooms are reserved

Student Portfolios or other Giveaways: 30 days before the event, the Business Office needs to know what to order for the student giveaways and how many to order.

Volunteers: 60 days before the event, the Committee should begin advertising for volunteers to assist during the activities. The Business Office can assist with marketing for volunteers in the

newsletter and the dinner meeting eblasts 30 days before the event. One week before the event, the Business Office needs a list of the volunteers in order to recognize them in the program.

Sponsors: A critical factor to ensuring the budgeting needs are met to cover the costs of the student meals is to have members and organizations sponsor student meals. Marketing for sponsors needs to begin 60 days before the event with the Committee soliciting companies for large donations. An estimated cost of the dinners is \$50.00 per student.

A second set of sponsors are needed to donate gift bags for the students.

One week before the event, the Business Office needs a list of all of the sponsors to include in the program.

Student Attendees: An accurate list of student attendees is essential. The Business Office must plan for seating and meals and print badges and programs for each student. A completed list needs to be provided to the Business Office the Thursday before the event.

Student Night Program: The Business Office will create and print the programs. Included in the program is recognition of volunteers and sponsors and any company that supports the event. In order to create the program, the Business Office needs final information no later than the Thursday before the event.

Employment / Career Center Sub-Committee

Employment / Career Center Committee Procedures

Committee activities include the following:

- ⊕ Review the job postings on the website regularly to manage any “inappropriate” postings.
- ⊕ Review the job postings on LinkedIn regularly to manage any “inappropriate” postings.
- ⊕ Write a short newsletter article each month that highlights new job postings.
- ⊕ Market the ability to post jobs to membership and encourage non-members to join CSIFT to gain this membership benefit.

The Employment Chair will need to work closely with the Business Office to manage questions and content of the job posting online system and to manage any challenges that arise. A description of the system is listed below.

Online Job Posting System

The CSIFT website has a members-only Career Center where members can post and view job openings. As this is a new system, we have created some guidelines on its use, but understand that the guidelines may need to be updated if needed.

Viewing job postings: To access the job postings, members use the membership login button on the website. They then click on the “Career Center” link on the left. They can search for jobs by job category or location or any criteria in the search feature.

To view any specific job listing, just link on the job title and a full page opens with more information. The contact information is provided on this page as well.

Submitting a job posting: Access is provided the same way a job is viewed – just click on “submit a job” after clicking on the Career Center link in the members-only site.

There is currently a policy that states a limit to posting a maximum of 5 jobs per month. The reason for this is to discourage recruiters from posting lots of jobs. However, this is not something we “police.” We decided to post the policy and watch to see if anyone abuses it.

Jobs are posted for 30 days or until the company removes it. This is an automatic system that does not require any manual procedures.

The biggest challenge is that many companies want to post a job but the person posting is not a member. Our work-around is that when this happens we check to see if anyone at that company has a membership. If so, then we give them the link to the page so they can post their job. Most of the recruiters are already members.

Professional Development Committee

Employment / Career Center Sub-Committee

LinkedIn Job Discussions

We also use the Chicago IFT LinkedIn site to post jobs. Members and non-members can post a job as long as they are members of the CSIFT LinkedIn. The Social Media Committee approves people who wish to join. Anyone in the food industry can be part of LinkedIn.

LinkedIn recently changed their system so to post a job they need to post it as a “job discussion.”

Monthly Dinner Meetings / Speakers / Monthly Program Recap

Schedule: In April, the Chair Elect establishes the dinner meeting dates for the following year. Dates selected should take into consideration religious holidays and when the Chicago Bears play on Monday Night Football in an effort to be inclusive and optimize attendance. The dates are presented at the May meeting for EXCOM voting and approval. The Business Office will create a calendar / schedule for the website and all marketing for the upcoming year.

Topics: The Program Chair has authority to identify the speaker and topics. Guidance on topics can often be obtained from surveys of the Section Membership. Speaker and speaker topics are critical for dinner meeting attendance, so attendance should have strong consideration when selecting the topics and speakers.

Speakers: Ideally, a tentative list of speakers would be proposed at the May meeting. Agreement with each speaker on their date to present, a biography, speaker title and photograph should be received by the Business Office by August 1 for the upcoming fiscal year. This allows the Section to effectively market the full dinner meeting schedule as some people from out of state will make plans to attend the dinner meeting. The speakers should be asked for permission to publish a pdf version of their presentation in the FoodBytes Newsletter after the meeting and to store it in the CSIFT members-only Knowledge Center on the website.

One week prior to the meeting, the full presentation should be provided to the Business Office and it will be uploaded onto the CSIFT laptop and a copy made onto a memory stick as a backup.

Dinner Meetings: The day of the meeting, arrangements should be made to ensure that the speaker's travel needs are met and that he/she is welcomed during the social hour. A table will be reserved for the Chair, Chair Elect, and the speaker at the dinner meeting. A speaker gift can be purchased by the Program Committee or the information can be provided to the Business Office for purchase. The Program Chair will introduce the speaker and help facilitate questions following the presentation.

The Business Office will ensure that the speaker has a badge, a Certificate of Appreciation, and a dinner reservation.

Monthly Program Recap: Following the monthly dinner meeting, the Program Chair will write a recap of the presentation that will be published in the upcoming newsletter. This is typically due a few days following the Dinner Meeting.

The Chicago Section IFT established the Fred W. Tanner Lectureship in 1960 to advance the profession and practice of food science by bringing to the Section outstanding scientific persons, in this field or its related sciences, to speak on recent advances in the formulation, processing, preservation, packaging, distribution, preparation, nutritional quality, and enjoyment of food.

Fred Wilbur Tanner (1888-1957) was an American food scientist, microbiologist and professor at the University of Illinois who served in the founding of the Institute of Food Technologists (IFT) and was the founder and one of the editors for the scientific journal Food Research, now called the Journal of Food Science. Dr. Tanner served as IFT President 1945-46, was author of more than 150 publications in microbiology and public health, would win the Stephen M. Babcock Award (now called Babcock-Hart Award) and was posthumously awarded the Pasteur Award.
