Energize

Your Product Innovations!

BIOENERGY
RIBOSE[®]

BIOENERGY
RIAGEV[™]

Energize your product innovations with Bioenergy Ribose[®] and RiaGev[™]. Both are very easily incorporated into many formulations and enrich any product's functionality and profile. Bioenergy Ribose and RiaGev work at the cellular level, creating benefits that help people feel, perform, and look better. Bioenergy Ribose is the true source of energy as it is the backbone of ATP, the source of all cellular energy. RiaGev is distinctly formulated to more efficiently increase NAD (nicotinamide adenine dinucleotide). Discover how the ease of incorporation and these powerful functions can enhance the nutritional profile of your product.

Urmonderbaan 22, Building 220, Geleen, Limburg, 6167 RD, Netherlands
Marc, van Leuven, Sales Manager, +31433020212, marc.van.leuven@isobionics.com, www.isobionics.com
At Isobionics we produce natural flavors, such as Valencene, Beta-Bisabolene, Nootkatone and Germacrene D, by fermentation. Instead of extracting them from the peel, we brew our naturals like beer. Our products are pesticide free, sustainable and can be supplied in large quantities at a fixed price and quality.

J. Rettenmaier USA LP #711

16369 US 131 Highway, Schoolcraft, MI, 49087, USA
Jim Skidmore, Senior Account Manager Food Ingredients, (877) 895-4099, james.skidmore@jrsusa.com, www.jrs.eu/jrs_en/jrs-the-company/who-we-are/

cost-effective potato-based ingredients offering
functional properties across multiple food indus-
tries. We offer native potato starch and specific
solutions with modified potato starches for a wide
range of food applications, including plant based
products. All starches are non-GMO and non-
allergenic.*

MASKING UNDESIRED NOTES IN PLANT-BASED APPLICATIONS

The incorporation of novel plant-based proteins into foods could be challenging due to undesired bitter notes and unfamiliar “green” flavors, typical of the vegetable proteins from soy, pea, potato, and other vegan sources.

Our yeast ingredients are great tools for flavor houses and plant-based meal developers, to modulate the perception of those undesired notes.

THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

PENDING FORMAL PUBLICATION IN THE FEDERAL REGISTER

Contact PLT Health Solutions for samples and more information.
+1.973.984.0900 ext. 214 • www.PLTHealth.com

Vitamin D is one of the hottest nutrients in the world right now, as consumers become more concerned about their health because of reduced time spent outdoors. Throughout the United States, doctors are telling their patients to get more Vitamin D.

Earthlight® Whole Food Vitamin D is a clean label, plant-based ingredient that can help you create cutting-edge supplements and fortified foods that respond to the latest consumer trends in the market. Earthlight delivers concentrated Vitamin D with low use levels, which means it won't affect the taste or texture of your formulations.

All Natural and Organic Sundried Tomatoes, Pieces and Powder.

35 years of innovation

At Tootsi, we take pride in manufacturing high-quality, and clean-label products such as nut butters, seasoned items, roasted nuts, kettle-cooked treats, and custom trail mixes. We also provide a wide variety of organic and conventional ingredients ranging from nuts, seeds, and dried fruit to superfood powders, vegan proteins, and toppings. Our services include co-packing, research & development, and custom products.
