Build your career with the experts in scientific staffing!

Are you looking
for a company with **science in its DNA?**

Lab Support, a division of On Assignment, is an international leader in placing scientific, engineering, and preclinical professionals in contract, contract-to-hire, and direct hire opportunities. Having pioneered a specialized staffing approach, most Lab Support Staffing Consultants possess a degree in science or engineering and a passion for the industry they represent. With over 25 years of experience, we successfully place professionals in industries such as biotechnology, medical device, pharmaceutical, food and beverage, environmental, chemical, and consumer care as well as government and academia.

Lab Support has created a dedicated network of branch offices serving major markets throughout the United States, Canada, Europe, and China. Our *People First* approach to staffing means you have a local, dedicated team who gets to know your career goals and is focused on finding you the best employment match.

We offer you a choice:

Contract

Allows you to work on various projects with multiple companies that tie directly to your career goals, helping you expand your résumé and professional network.

Contract-to-Hire

Provides you the opportunity to gain valuable experience while exploring a company to see if it's a good long-term career fit.

Direct Hire

Gives you the option to find a full-time position within an organization directly. You'll have access to all the resources of a professional recruitment firm, reducing the time it takes to find the best employment match.
