Ambassador Call-Out: Looking for Company Champions to Influence & Advocate!

Chicago Section IFT has an exciting new program for company leaders and influencers to serve as Ambassadors. Individual Ambassadors will be the liaison for their company and the Chicago Section – communicating events, volunteer opportunities, and community give-back programs. In turn, the Ambassadors will have a voice within the Section to influence and advocate for their industry segment. Ambassadors will also be eligible for the prestigious VIP Guest Program and be invited to exclusive Ambassador Only Events.

If you are interested in participating in this High-Level give back approach to the industry, and want to join other Chicago-area leading food companies in this exciting program please contact us today!
