Scholarship Plan Update

Nancy Moriarity

Nancy shared her report (see agenda) concerning a plan for funding scholarships and consideration of an endowment. The proposal is included in the agenda and Nancy is asking for a vote at the March meeting on how to move forward.

Comments raised:

1. We currently fund scholarships but the Section does not choose who the money goes to. Should we consider having the scholarship committee determine what we will do with the funds? A considerable amount of work but the Section would have more say in who the money is given to.
2. Glenn Bluemer suggested working on developing internships. There was much discussion on scholarships vs. internships.

Membership Subsidize Discussion

Dan Best

“A motion for the CSIFT EXCOM to subsidize the IFT Membership Dues of Officers and Committee Members through the end of their elected terms, at a level recommended by the CSIFT Finance Committee, provided that: a) such Members can demonstrate that their loss of employment occurred during their term of election, b) can continue to fulfill their elected duties, and c) that such members were neither retired nor emeritus at the time of their election.”

The motion was withdrawn and will be rewritten for the March meeting. The Board is in favor of providing support for current leaders, but is requesting a revised motion.
