

## New Professionals

Last month we held a networking event at Crosstown Pub in Naperville. Never having an event in Naperville before, we were excited to see a great turnout with new faces. We had our own private space which made it easy to mingle and get to know one another. The food was great too!

On Wednesday, May 20th the New Professionals held their last NP event of the year at an old favorite, Top Golf in Wood Dale. It was cold and rainy for late May, but thanks to the covered and heated golf bays, everyone still had a blast. Twenty-three New Professionals had some friendly competition hitting microchipped golf balls into designated targets.

We want to thank everyone who has attended our events this year! We have met so many great people and we hope to see them again next year.

Although the CSIFT NPs will be on break for the summer, save the date for the National New Professionals Mixer which corresponds with IFT15 in Chicago. The Mixer is similar to the CSIFT NP

**Chicago Section**  
Institute of Food Technologists

The First Section ★ Since 1941

events, except bigger and with NPs from all over the nation. The Mixer is not limited to only NPs so bring your co-workers!

New Professionals Mixer:  
Sunday, July 12th  
6:00 - 7:30pm at Rockit  
22 W Hubbard, Chicago, IL 60654  
Sponsored by PureCircle

Registration is NOT required. Food and drinks will be provided.
