

blended to  
*your* perfection

*custom* dry and liquid nutrient blending!

Our strength in food ingredient distribution combined with nutritional blending expertise provide customers a unique solution to their fortification and label claim needs. Prinova offers custom multi-component dry and liquid premixes as well as a full line of flavor formats to meet any desired end-use specification. Add it all together and you have everything you need to create successful products while saving money.

One more thing that makes Prinova your secret ingredient.
