

# Chicago Section IFT the First Section

## Strietelmeier Scholarship Announcement for Unemployed Chicago Section IFT Members Submission due Monday, April 30

The Chicago Section IFT will provide up to \$3,000 of Scholarship funds for individuals that are unemployed and seeking employment in the food industry. Scholarship funds can be used to offset expenses relating to attending the upcoming Annual IFT Convention and Expo or to offset expenses for training purposes in the form of a workshop, shortcourse, etc.

Applicants must be unemployed, seeking employment in the food industry and a member of the Chicago Section IFT residing in the zip code boundaries of the Section. The maximum amount an individual can be awarded is \$1,000. Scholarship applications are available on the website of the Chicago Section IFT <http://www.chicagoift.org/scholarships.html> and are due Monday, April 30.

The Strietelmeier Scholarship Program was established in memory of David M. Strietelmeier, who was a lifelong and active member of IFT where he served on several Chicago Section and National committees. David's goal was to assist professional members to obtain networking and educational opportunities that would help them achieve gainful employment. For this reason, the Chicago Section IFT has chosen to honor the memory of David Strietelmeier by bestowing this annual award to members of the Chicago Section IFT that are in need of career assistance.
