

### **Members in Transition Committee Reports Success**

The Members in Transition Committee, a newly-established committee to address the challenges of job search in the current economy, held an educational workshop in June. We are happy to announce that, since then, a number of participants and committee members either landed full-time employment or obtained consulting positions. This includes the following individuals:

Michael Friesema, Director Business Development, Penford Corp.

Denise Michalik, Regulatory Analyst, Amway Global

Bobbi Buford, Marketing Consultant, The Chatfield Group

Sanford Wolgel, Business Development Consultant, Univ. of Chicago Office of Technology and Intellectual Property

The Members in Transition Committee will be holding additional workshops after the first of the year, which will be announced via email and the CSIFT Newsletter. We encourage those in transition to consider these workshops to improve their job search skills. We are also looking for volunteers to help the committee plan and organize these important events. Please contact Chair: Sanford Wolgel at [swolgel@aol.com](mailto:swolgel@aol.com).
