### CSIFT – In the News!

CSIFT was contacted by the Chief Editor, Ms. Elsa Torres, with BNP Media to request a face-to-face interview with our speaker, Dr Philipson, at our February meeting. Ms. Torres is writing an article about diabetes, our speaker, and our CSIFT sponsorship of Dr. Philipson.

The specific magazine is INDUSTRIA ALIMENTICIA MAGAZINE and the article will be geared towards food ingredients and food products that can help reduce the onset of diabetes for Latin Americans and will be written in Spanish. With Ms. Torres' permission, CSIFT will be re-printing a copy of the article in our September 2011 Newsletter.
